

MemrisTec SUMMER SCHOOL 2025

24.9.-3.10.2025, Sevilla, Spain

About Memristive Devices Toward Smart Technical Systems

TOPICS: Memristors & ReRAM + Nanoscale physical processes in ReRAM cells

+ ReRAM modeling and dynamics + ReRAM technology + Ferroelectric-based devices

+ Integration technology + Electrical characterization + Logic in memory approaches

+ Neuromorphic engineering + Co-Integration CMOS-ReRAM

+ Cellular Nonlinear Networks + Circuit design + System level approaches

Register before 2nd June 2025
